

Sinclair Broadcasting's conglomerate is doing a totally one sided untrue version of Kerry in the guise of news.

How does the FCC let them get away with this type of partisan use of the airways.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy.

I am appalled and also in complete distain.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you
